FRIDAY, JAN. 8, 1886.

The *St. John's Gazette*, speaking of the object of Sir John Macdonald's visit to England, says:—Canada, unlike the United Kingdom, is in a position to offer reciprocal trade advantages to the United States, and there appears a fair prospect of commercial reciprocity between the two great divisions of North America being revived on the lines of the treaty of 1854. All formal negotiations with Washington have, as a matter of course, to be conducted through the Foreign Office here. Some time ago Mr. Blake, the leader of the Canadian Opposition, delivered a speech in which he demanded of Canada the power to make her own treaties, without reference to the Imperial Government. The demand has a plausible suggestion of Parsifal, and to accord it would be as disastrous to the young Dominion as separation would be to Ireland. As things are, Canada is able to maintain and develop its institutions, and to secure its interests abroad, without the heavy burthen of a standing army or navy. This country is pledged to defend Canada against foreign aggression with all the resources of the Empire, and that pledge would be absurd and impossible if Canada were allowed to enter into any foreign relation she chose. But, as a matter of fact, the Dominion is accorded perfect freedom of action both as respects domestic and foreign affairs—subject only to Imperial consideration. The Washington Treaty, for instance, so far as it affected Canada, had, to be ratified by the Canadian Parliament. In the important negotiations now pending with the United States, Canadian interests and Canadian views of the subject will chiefly determine the issue.

The new British Parliament will assemble on the 13th of January. It will be opened by Commission, the Lord Chancellor acting for Her Majesty, and promises to be one of very great importance to the whole Empire.

A. H. Clark, secretary of the Lorne Agricultural Society, received the following telegram from the Hon. Thos. White:—Ottawa, Jan. 7.—Order in Council granting seed grain for Prince Albert settlers passed to-day. Arrangements to supply the grain will be made at once.

The Dominion Government is treating handsomely those who have upheld the honor of Canada by their skill in the Old Country. Col. Gibson for being captain of the Wimbledon team in 1881, Staff Sergt. W. M. Goodwin and Private Mitchell, of the Thirteenth Battalion, for being members of the Canadian team which won the Kolapore cup, have received handsome gold medals from the Dominion Government.

ANNUAL MEETING.

The first annual meeting of the ratepayers of the Prince Albert Protestant School District, No. 4, was held in the school house on Thursday evening, the 7th inst. Mr. James MacArthur, chairman of the Board, was in the chair. The meeting was called to order about eight o'clock. On motion of J. Sinclair, seconded by A. H. Clark, H.W. Newlands was made Secretary. The following reports were then read to the meeting by the secretary:—

TEACHER'S REPORT.

To the Trustees of Prince Albert Protestant Public School District, No. 4.

GENTLEMEN:—In accordance with the School Ordinance for the North West Territories, I beg leave to submit to you the following report of your school for the year ending Dec. 31, 1885:—

1. That the school was kept open 30 days.
2. That the total number of children attending school was 53, of whom 33 were boys, and 20 were girls.
3. That the youngest in attendance was 5 years and the oldest 16 years, and the average age of such pupils was 9 years.
4. That of the 53 children attending school 52 were of the Protestant faith and one was of the Roman Catholic faith.
5. That the average daily attendance was 37.
6. That the branches of education taught were reading, writing, arithmetic, grammar and geography, of which 53 were taught reading, 28 writing, 53 arithmetic, 23 grammar and 28 geography.
7. That there were no dismissals of scholars for misbehaviour or other causes; the pupils were well behaved and obedient.
8. In conclusion, I would say that should the school continue to increase as it has during the last quarter, it will be necessary to get increased accommodation, and also an assistant teacher will be required, owing to the impossibility of accomplishing the work satisfactorily in the prescribed time.

TRUSTEES' REPORT.

To the Ratepayers of the Prince Albert Protestant Public School District, No. 4.

We, the Trustees of this School District, submit to you our first annual report. Our school district was organized in January last, under the School Ordinance of 1884. In February we advertised for a male teacher, but owing to the immediate outbreak of the rebellion no appointment was made until July, when we selected Mr. J. F. A. Skell, our present teacher, who accepted and entered upon his duties in the beginning of August. We have incurred considerable expense in making the

assessment and in fitting up the school house, as will be seen by the Secretary and Treasurer's reports, which expenses we deemed necessary for the efficient carrying on of the school. We can regret with pleasure to our school, and we believe it to be a great benefit to the town, and with the co-operation of the ratepayers will in the near future have a public school that will rank second to none in the Territories. We would recommend the ratepayers to take into consideration the question of erecting a suitable school house, adequate for the wants of our rising town. We also think it would be advisable that steps be taken for the amalgamation of the two school districts in the town, and that some central place be selected for a central school where the more advanced pupils may be educated, while at the ends word schools may be established for the smaller children. We think that a deep interest should be taken in our public school, believing as we do that good schools are one of the greatest bonds that can be conferred upon any place.

We desire to thank Mr. Hughes for the kind manner in which he received our School Board when they waited upon him in connection with school matters, and for the very active part taken by him as a member of the North West Council in getting the School Ordinance into a suitable shape. All of which is submitted.

TRUSTEES' REPORT.

The Treasurer's report showed:
Monies received.....\$1,233 65
Due to District.....789 91
Total.....\$2,023 56
Monies paid out.....\$1,213 30
Due by District.....365 80
Total.....\$1,579 10

After some discussion upon the report, the following motion was moved by A. H. Clark and seconded by S. McLeod:—That the trustees of this district communicate with the trustees of the Prince Albert Protestant Public School to ascertain if an agreement could be come to for effect an amalgamation of the two school districts, and submit their report to a general meeting of the ratepayers of both districts. Carried.

It was then motioned by A. H. Clark and seconded by J. C. MacKenzie, that Mr. John MacArthur be appointed auditor. Carried.
Some explanations were then made by the trustees, after which the minutes of the meeting were read and adopted.
Voice of thanks to the trustees, and Mr. J. F. A. Skell (the teacher) were then carried, each of whom briefly responded, the trustees speaking very highly of the work accomplished by the school.

G. D. MORTGRAVES,

S. S. Entertainment.

The Christmas entertainment in connection with the Presbyterian Sabbath school took place on New Year's Eve, and was largely attended. The church, as very tastefully decorated with evergreens and mottoes suitable for such an occasion. One beautiful motto, "Lord bless Our School," executed by Mr. W. Marshall, reflected great credit upon his taste and artistic skill. The great centre of attraction was the "Christmas tree," beautiful silver space, which towered to the ceiling and was adorned with a garland of variegated colors. The tree presented a most brilliant appearance, being lighted with wax tapers and added with handsome and valuable presents for the many guests, smiling little faces that seemed to beam with joy and delight, and were indicative of "Peace and good will unto all men." The decorative committee, the Sabbath School teachers and those who raised the children deserve the highest praise from all who are interested in the Presbyterian Church and Sabbath School for the very excellent manner in which everything was arranged and for the grand success of the entertainment. The children were the very pink of beauty, most excellently behaved, and the part they took in the musical drama was the great feature of the evening. The Rev. Mr. Macmillan having been called to the chair, gave out the first verse of the Halleluiah Psalm, which was sung by all present, and the Rev. Mr. Campbell then led in prayer. The Sabbath School children next sang a chorus to the delight of all present. The chairman then made a short address, giving an account of the progress of the school, the number of scholars teachers, etc. He complimented the teachers upon their zeal in Sabbath School work, and particularly their regularity of attendance. He also spoke of the liberality of the people of Prince Albert when called upon on such occasions for help. Just as the chairman had finished his remarks, a jolly looking old man, with flowing beard and hoary head and dressed in a robe of white, marched up the aisle and was introduced to the children as Santa Claus. After a few humorous remarks from the chairman, Santa Claus—with his usual affability and graciousness—began the distribution of the presents, and at intervals during this part of the programme the audience were treated to several choice pieces of music. The little children were first called upon to sing, and to an encore sang a motion song, which was so exceedingly well rendered that they received rounds of applause. Miss Blanche Sprout and Miss Janie Macmillan sang a duet, which was beautifully rendered. Misses Mackenzie and McKee next favored the audience with a duet. These young ladies have fine voices, and were loudly and deservedly cheered. Each of them afterwards sang a solo and were encored. A quartette, sang by Messrs. Johnson, Jones, Cann and Parker was well rendered and a success. Miss Laura and Master Willie Pritchard delighted the audience with a duet. By request, Misses Sprout, Macmillan and Pritchard sang "Pock-a-bye," and were loudly cheered. Another pleasing feature of the entertainment was the presentation of presents to the big children, which caused a great deal of merriment. One of the members of the choir received a Jew's harp and two sheets of music, another got a clay pipe and candy stick, one gentleman got a rattle to amuse the children, some got little china dolls, one a jumping jack, another a tin drum, another a little bird and cage, and one is said to have received a mustard plaster neatly done up in an envelope. After the presents were all distributed, Cal. Sprout proposed a vote of thanks to Rev. Mr. Macmillan and Mrs. Macmillan. One of the most pleasant and enjoyable entertainments that have taken place in Prince Albert, was brought to a close by singing one verse of the National Anthem, after which the Rev. Mr. Macmillan pronounced the "Benediction."

COMMUNICATIONS.

THE SKATING RINK CO.

To the Editor of The Times.

Sir,—Would the intelligent body of Directors of the Prince Albert Skating Rink Co. not decide to call a meeting of the shareholders, and give an account of what has been done in the past year; also have an election of officers for the coming year, or are they like members of the Senate, elected for life? No doubt men that have money invested in this enterprise would like to know what is being done with it.

A SHAREHOLDER.

At a regular meeting of Kilmorie Lodge, A.F. & A.M., G. R. M., No. 16, held on St. John's Day, the following officers for the ensuing year were installed into office by W. Bro. J. E. Kennedy, assisted by W. Bro. T. H. O'Brien, viz: A. W. R. Mackay, W. M.; Rev. E. Macdonald, S.W.; T. E. Baker, J.W.; R. B. Way, Sec.; Rev. A. H. Wright, Texas; Harry Keenan, S.D.; A. C. Davidson, J.D.; W. J. Carter, Chap.; J. W. Hurd, S.S.; Jos. Finlayson, J.S.; Geo. Love, Tyler.

MANITOBA.

PORTAGE LA PRAIRIE.

From the Tribune-Review.

The M. & N. W. are now prepared to let extensive wood contracts.

A skating rink for \$10 a side between Coun. Pratt and H. Gammie created considerable amusement on Ge.rick last Monday. It was really.

It is reported that Mr. Sandford purposed putting a large herd of stock cattle on the Westbourne marsh, the greater portion of which he has retained by a system of draining.

The freight and passenger business on the M. & N. W. far exceeds the most sanguine expectations of the company and it is thought an additional train will have to be put on, making one exclusively for passenger travel.

The Portage Milling Co. are still pushed with orders. The new machinery which was placed in the mills has increased the capacity and improved the grade of the Co.'s flour; which, by the way, is being well received in the eastern markets.
